

Spinz Update – March 24, 2020

We put together 46 boxes today for our Spinz clients with a curbside pickup. At times it felt chaotic but our amazing team just rolled with the punches and kept smiling as they packed and prayed over each box.

We allow clients to make a special request on their order that we try to find. We had two that requested toilet paper and it "just so happened" that a GFB client had donated a package on Thursday. When one client saw the TP in the box, they burst into tears! These are incredible times.

We are so grateful for our clients who have shown us patience and grace as we navigate the uncertainty from week to week.
